11. ***Course code***

Brainstorming

- Use MBTI Framework
  - Different types based on alignment of opposing values
    - Ie: ENTP is Extroverted (vs introverted), Intuitive (vs sensing), Thinking (vs Feeling), Perceiving (vs Judging)
- Possible traits to test for
  - Timeframe of work1x
    - Complete the entire project in 1 day vs small sections over time
  - Dominant or passive personality 1x
    - Cannot having multiple dominant personalities, but should have at least 1
  - Approach method 1x
    - Careful Planner versus diving right in
  - Meeting circumstances
    - Dates or times of day
    - In person vs virtual
  - Collaboration methods
    - Work independently and combine all work at end
    - Complete each section together
